-1-

3.How to Add a New User on Time Clock

4.Setting Administrator Rights

You can modify the user information by following this step

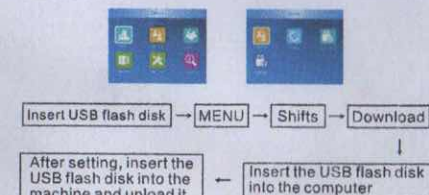

-2-

5.Synchronize User to Another Time Clock

6.Shift Setting

Methods One

Notice: The sheet "Shifts" require monthly download settings

-3-

(1) Open the Excel table "Time"

05Summary	2022/5/18 19:22	30.5	25 KB
Time	2022/5/16 19:22	30.5	11 KB

(2) Select sheet "Time"

23	
24	
Time	Shifts +

(3) Then you can set the clock time for in and out in the AM and PM, you can also set the clock time for overtime.

Time Table	

(4) Regarding the shift No. you can set different punching times for people or departments according to different needs. Then select sheet "Shifts"

Time	Shifts +
------	----------

-4-

- (5) Then according to the number of the shift time set in the previous table and your shift scheduling needs, enter the shift number into the work date of the people. (Notice: For example, on May 5th and 6th, 2022, I set Anthony's shift numbers to be 1 and 2 respectively. Then according to our sheet "Time" set shift numbers 1 and 2. Anthony clocked in at 08:00 and clocked out at 12:00 on the morning of May 5. On the morning of May 6, clocked in at 09:00 and clocked out at 13:00. In the afternoon and Overtime is the same)

Time Table	
Shifts	

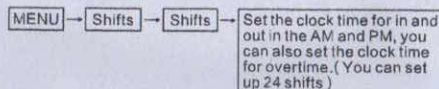

- (6) After setting up the sheet "Time" and "shift", save the Excel sheet, unplug the USB flash disk and plug it into the attendance machine. Then upload the spreadsheet data to the attendance machine.

Methods Two

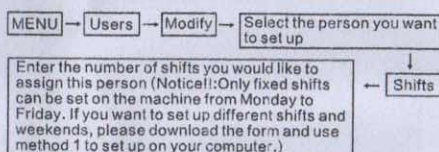

Setting the clock time

-5-

Setting Shift time

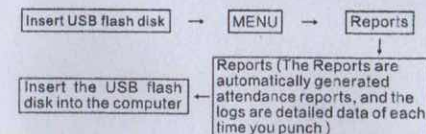

Note: About "Rules" in "Shifts" You can set times when you are allowed to arrive late and leave early.

7.Download The Attendance Reports

-6-

Open the Excel table "XX Summary" (Note: Can't edit) Sheet "Summary" : It shows the attendance statistics of each person.

Sheet "Shifts" : It shows the shift time of each person.
Sheet "Logs" : It shows the attendance records of each person.

Sheet "Exceptional" : It shows the exception records of each person.
